WINTER FAIR - THANK YOU!

Homemade *glühwein*, *oliebollen*, a million sweet treats, local vendors, listening to live music, face painting, Sint and Santa Claus, and any Christmas game imaginable - it was all there last Saturday at the PSG Winter Fair. What an amazing day out for all the family! With enormous thanks to the PSG for all their hard work that made this such a fabulous Winter Fair, our first since the pandemic! WOW!

INTRODUCING BRONWYN DE RU

Bronwyn de Ru will be joining IPS on Monday to teach in 3 Campari covering Aviva Campari's maternity leave. This was timed to start at the December break, but as all expectant mums know... even with the best planning in the world, the unexpected can happen. Aviva began her maternity leave on Monday this week.

Bronwyn arrived with her family (her husband and young daughter, Noa Rose) in the Netherlands a week ago from South Africa. Bronwyn has a Bachelor's Degree in Education, Foundation Phase (age 3 to 9 for all subjects). She has taught for a number of years and, directly prior to emigrating to the Netherlands, she latterly taught at Gordon's Bay Primary School in Cape Town, South Africa. She has also coached netball (under-7 team) and hockey (under-9 team).

Winter Fair

The PSG committee would like to give a huge thank you to all the volunteers (who spent a lot of time planning, participating, setting up, and then cleaning up), raffle sponsors, local vendors and everyone else who came to make the Winter Fair a huge success! We hope we will see you all again at another one of our events in the coming year!

COVID-19 UPDATE

The Netherlands has reverted to **phase 1 dark green**. This means that we continue with basic measures with regard to hygiene and health, and continue to ensure good ventilation.
