(inclusive) - Crocus Holiday (half term)

Whole School Information

Update from the GGD

The school contacted the GGD this week to seek their advice regarding the rising numbers of cases in some classes across the school. The GGD informed us that, despite rising numbers, we do not quarantine any class, but do remind parents to self-test their children at home as regularly as possible and to remain vigilant should symptoms become evident.

If your child tests positive on a self-test at home, please contact the GGD for a PCR test. At school, we are increasingly being asked to respond to parent queries around quarantine - we are not medically certified to answer your questions, and simply refer to the government advice (also listed on our website). Please seek and follow the medical advice from the GGD.

Mondrian

Inquiry garden

Have you got experience in putting together a raised bed for planting out vegetables? Are you practical and do you love to build things? Do you know about gardening? Maybe you are good at sourcing materials or finding ways to get a tree trunk, some rocks and a large amount of tree bark, amongst other things, for our new inquiry garden at Mondrian? We are looking for a core team of people to help design and build this garden. With thanks to the PSG for their generous donation of €1000 towards this project for all students in Early Years and beyond!

The first meeting is planned for Tuesday 8 February at 09.30. Meet at the front gates of Mondrian to walk round the corner to the garden. We will remain socially distant and stay outside at all times.

If you have the expertise and would love to join the meeting or help at some point, please get in touch with Lisa: Lscorrie@icloud.com (even if this coming Tuesday is not an option for you).
