Message from Juliska

After celebrating Halloween and Diwali, the school is now starting to embrace the festive spirit of Sinterklaas. Today, the students discovered their first "surprise" in the shoes they had set out for Sinterklaas, which brought plenty of excitement and joy throughout the school.

Last Wednesday, some of our students participated in a chess tournament for local schools at Hilversum Town Hall. A total of 33 teams competed, and our school was well represented by four teams. We are pleased with their performance, as all four teams ranked in the top 17. A special thanks to the parents who helped guide the teams and supported them on the day.

Many students have already expressed interest in starting a chess club, which sounds like a fantastic idea. Discussions in the Student Council are underway

about how to make better use of the school grounds, and a chess area could potentially be included in these plans. The Student Council is also working on ideas for how to use a recent donation from the PTA, focusing on ways to benefit the students. We are involving the council members to decide how the funds can be spent. While larger ideas like a swimming pool or artificial grass are unfortunately not feasible, we are exploring options for purchasing additional play materials. We aim to prioritise sustainable materials to ensure their longevity. We'll share updates soon on what has been chosen.

Finally, I'm happy to share that, thanks to the Children's Book Week campaign, we were able to add seven new books to our school library. This is a great addition to our collection, and we appreciate the parents who contributed their receipts to make this possible.

Thank you for your ongoing support and enthusiasm in helping to enrich our school community!
