- PYPX~Monday 13th-Wednesday 16th April
- Kings Day~Thursday 16th April

Whole School Information

Gardening Club

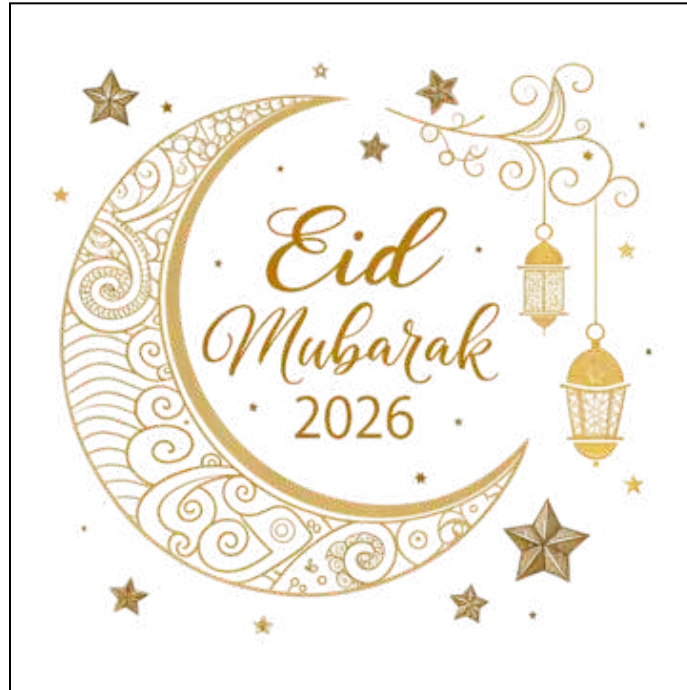

Friday 6th of March saw the first edition of the Green Team gardening club! Students got their hands dirty organising the Inquiry Garden, planting seeds, pulling out weeds and removing any rubbish that had drifted in from outside the school gates. Each week different groups will have the chance to bring more life to the Inquiry Garden.

Student-led Conferences (SLCs)

Thank you for participating in your child's student-led conference on Wednesday. It was lovely to observe students leading the way and guiding their families through the learning process in their classrooms and throughout the school. Our thanks and appreciation go to the teaching team and students who put in a lot of thought, time and preparation for this day to be a success.

Happy Eid

Happy Nowruz

Korfbal Tournament

On 11 March, Team IPS took part in the Korfbal Tournament at Kerkelanden. It was a competition with six different schools, and IPS proudly joined with three teams! Our students showed great teamwork, energy and sportsmanship throughout the afternoon. Team 2 had a fantastic run: they won two out of their three matches and reached the final. Although they did not win the final game, they played with great effort and can be very proud of their performance. Most importantly, it was a wonderful experience for all our teams. The students encouraged each other, played fairly and, above all, had a lot of fun together. Well done to everyone who participated!

Girl's Football Tournament

Our girls played brilliantly in beautiful Wednesday weather! They reached the semi-finals, narrowly missed out on penalties, but bounced back to win their final match and claim 3rd place. Fantastic teamwork and sportsmanship all around! Huge thanks to the coaches and parents for their support.

PYP EXHIBITION 2026

We would like to invite you **all** to the upcoming PYP Exhibition by our Group 8 students! This special event is a key milestone in the Primary Years Programme, where students showcase the knowledge, skills, and attitudes they have developed throughout their learning journey.

The PYP Exhibition is a culminating, collaborative inquiry in which students explore real-world issues that matter to them. Guided by the IB framework, they develop their understanding through research, critical thinking, and action, demonstrating the attributes of the IB Learner Profile such as being inquirers, communicators, and reflective thinkers.

During the exhibition, students will share their insights, and reflect on how they can make a positive impact in the world. We warmly invite all families and community members to join us in celebrating their hard work, creativity, and growth.

Furthermore, if you are able to contribute to the group's research stage and have interest or knowledge in some of the topics approached by the students, follow this [LINK](#) and the students will be able to reach out to you.
