

Date: 10 February 2026 Time: 18:00 Location: Rembrandt Designation of meeting roles		Present: Jenneke, Gillian, Paul, Vanessa, Juliska, Claire Chair: Jenneke Minute taker: Gillian Timekeeper: Apologies: Deepti
AGENDA ITEMS	NOTES	ACTION/PERSON RESPONSIBLE
Announcements	Students' numbers: 1 Feb 2026: 297 EY numbers are rising (but still low compared to previous years)	EY numbers for next year are low Connecting with IS Almere to see if we can get take their additional students that they can't place. Working on opening space for students 3+ years (in building that housed that international playgroup last year). Marketing group working on developing an action plan to promote our school and create a shared vision of what we want our school to look like. Team meeting next week to share ideas and finalise plans in the hope that it will be shared with the school community. Could Nynke meet with SC to share the plan?

Formation 26-27	Update	Team will be informed.
Eco-schools	Birthday Celebrating - not allowed to bring in any snacks or food - classes to celebrate in a different way by having a class game on their birthday at the end of the day? Some schools have a choice board of small but fun things (do a just dance, shout something in the playground) Decided to start next year to make it a smooth transition. For now: focus on Birthday treats policy	Share Policy in Newsletter: 6 Feb Put plans in place for the start of the new school year rather than cause confusion in the meantime.
Emergency policy	https://docs.google.com/forms/d/1iv8zVnhM8z50YsZP4ugJ4S_agOcLWM2xav2kCmZa0Lg/edit In January, the school had to close due to weather conditions. Looking ahead, we would like to align in advance on a number of factors so that we can clearly indicate when the School Council agrees with a school closure. For example, during a code red (weather) warning or when the government advises people to work from home as much as possible. Can we also agree that from the second day of closure, online or alternative learning activities will be offered to students? In addition, we would like to ask parents to complete an emergency form, in case of an emergency or if we are unable to reach parents by phone. Is there any other information that you, as parents, would like us to include in this form?	Question about people NOT allowed to collect child should be removed. Contact details are required for emergency contacts. Which classmate could your child go home with? Update annually. Code red = closure Code yellow = safety takes priority. Sufficient teacher to student ratio. Second day should have provision for some sort of online learning opportunities.
Devices and online policy at school	It would be good to understand the school's policy for managing devices and online usage at school. What can	To carry forward to the next meeting in March.

	children do and not do? How is this determined by teachers and managed? Is there a risk of children using inappropriate websites? How much free time are children permitted online?	
Marketing efforts	Update on actions to increase school student number of school students?	As point 1.
Group 8 comms-questions	- Just like last year and the year before, the communication about bike-transport to the open morning at ISL has led to confused parents. The students don't know how to get there by themselves. Why can't we organise it so that getting to this open morning, which takes place every year, is always by bike and chaperoned by 2 teachers? - Why was there a comms error about the start time of the ISH information evening? That is also not the first time this has happened	Next year more notice will be given for parents to plan suitable route / transport for children. List of dates would be useful for the start of the year so parents are aware and can plan time to assist. ISH time / date info has been incorrect. Parents should address this directly to ISH as info from them is passed on verbatim.
